Joint Performance Review

July 6, 2011

Mr. Julius Genachowski  
Chairman, Federal Communications Commission  
445 12th Street, SW  
Washington, D.C. 20554

Dear Chairman and FCC Commissioners:

I am writing to support AT&T's proposed acquisition of T-Mobile USA (Docket 1165), and to urge you to vote in favor of it. My support is based on my experiences as a public servant, as a minority professional in the business community, and as a parent.

I am a native of the Delta of east Arkansas and I am fortunate to be able to work and raise my family in the same region. The City of Marianna and Lee County, AR, mean a great deal to me, and I'm giving back, first by serving on the Lee County School Board and now as a State Representative. I want my child, and my neighbors' children, to have the same choice I had, to live here and be successful. For that to happen, we must have access to modern technology and services. The AT&T plan will bring a new generation of mobile broadband technology to our region, and that's why I am for it.

AT&T wants to create a wireless network that will serve our community and others like it across Arkansas and the U.S. That will give people in small towns and rural areas better access to educational resources, health services and job opportunities. Those are essential to our future success. With mobile broadband, farmers also will be able to manage some of their operations remotely, and local businesses will enjoy benefits that otherwise may not be available.

You and the other Commissioners have a great public responsibility, and I appreciate what you are doing for the country. When you vote to let AT&T buy T-Mobile USA, you will be voting for what is best for my community and every small town like it. Your "yes" vote will give fresh opportunity to millions of people of my generation and my daughter's generation.

Thank you for your consideration and please vote "yes" on this important matter.

Sincerely,

A handwritten signature in black ink, appearing to read 'Reginald Murdock'. The signature is fluid and cursive, with a large, prominent initial 'R'.

Reginald Murdock  
State Representative

The Honorable Mark Pryor  
U.S. Senate  
255 Dirksen Senate Office Bldg.  
Washington, DC 20510

Dear Senator Pryor:

I am writing in support of AT&T's proposed acquisition of T-Mobile USA, and to ask you to support a favorable vote at the FCC (Docket 1165). My support is based on my experiences as a public servant, as a minority professional in the business community, and as a parent.

I am a native of the Delta of east Arkansas and I am fortunate to be able to work and raise my family in the same region. The City of Marianna and Lee County, AR, mean a great deal to me, and I'm giving back, first by serving on the Lee County School Board and now as a State Representative. I want my child, and my neighbors' children, to have the same choice I had, to live here and be successful. For that to happen, we must have access to modern technology and services. The AT&T plan will bring a new generation of mobile broadband technology to our region, and that's why I am for it.

AT&T wants to create a wireless network that will serve our community and communities like it across Arkansas and the U.S. That will give people in small communities and rural areas better access to educational resources, health services and job opportunities. Farmers will be able to manage important parts of their operations remotely, and local businesses will enjoy a number of benefits that otherwise may not be available.

You have a great public responsibility, and I appreciate what you are doing for our state and the country. When you support AT&T's plan to buy T-Mobile USA, you are supporting what is best for my community and every small town like it. An FCC vote approving the AT&T plan will give fresh opportunity to millions of people of my generation and my daughter's generation.
